

# Home Activities for Reception

<b><u>Child's Name:</u></b>	
<b><u>Class:</u></b>	

## Weekly Home Activities for Reception

**Week Commencing: 27<sup>th</sup> April 2020**

**Book Focus: Monkey Puzzle by Julia Donaldson:** <https://www.youtube.com/watch?v=jvAYUvQUrGo>

Please find some activities that you can do at home with your child, whilst the school is closed.

You can record any comments on the diary sheet attached. We would love to see photos too, so where possible please take photos which you can print or even email in your photos to [Reception@jamescambellprimary.org.uk](mailto:Reception@jamescambellprimary.org.uk)

<p><b>Number ordering</b> Write numbers 1-10 on post-it notes or small bits of paper. Can you jumble them up and then put them in the correct order? What about numbers to 20?</p>	<p><b>CVC word and picture match</b> <i>(Sheet available on school website)</i> Sound out each CVC word carefully and draw a line to match it to the correct picture.</p>	<p><b>Keep fit with numbers</b> Write numbers 1-10 on bits of paper. Decide on an exercise and then pick a number card to see how many times you have to do that exercise. You could try star jumps, press ups and planks!</p>
<p><b>Practise writing numbers</b> Write numbers 1-10 using different coloured pens or pencils. Can you write them around the right way without looking at an example? Remember to start at the top each time.</p>	<p><b>Letter writing practise</b> <i>(Sheet available on school website)</i> Use the template to practise writing letters. Start at the red dot and follow the direction of the arrow to write each letter correctly. Try writing in lots of different colours!</p>	<p><b>Cheeky monkey door hanger</b> <i>(Sheet available on school website)</i> Colour in the monkey and then practise cutting carefully around the outside of the monkey. Hang the finished monkey on your bedroom door!</p>
<p><b>Superhero missing numbers</b> <i>(Sheet available on school website)</i> Fill in the missing numbers in each strip. Try to write each number the right way round. Count out loud to help you work out which number comes next.</p>	<p><b>Tricky word colouring sheet</b> <i>(Sheet available on school website)</i> Practise reading tricky words and then colour them using the key on the sheet.</p>	<p><b>Make a banana smoothie</b> <i>(Sheet available on school website)</i> Get an adult to help you follow the instructions to make a yummy banana smoothie. Practise cutting the fruit carefully with a knife. Make sure you wash your hands first!</p>
<p><b>Snakes and ladders</b> <i>(Sheet available on school website)</i> Play a game of snakes and ladders with your family. Remember to take turns and count carefully when you move your counter. Who will win?</p>	<p><b>Phase word practise</b> <i>(Sheet available on school website)</i> Practise reading your phase words. You could stick them around the house or play snap with them. When you can read them all, try the next sheet. All the phase word sheets are available on the school website.</p>	<p><b>Banana Science experiment</b> <i>(Sheet available on school website)</i> You need a banana and a cocktail stick!</p>
<p><b>One more and one less</b> Write down numbers 1-10 on bits of paper. Jumble them up and pick a number. Can you say the number that is 1 more and 1 less? You could use objects to count if you're not sure. EG. If I picked 4, I would collect 4 objects. I can add another to find 1 more and take one away to find 1 less.</p>	<p><b>Bug Club</b> Use your Bug Club login to read some new books together. Remember to talk about what happens in the book and try to answer some questions about what you read.</p>	<p><b>Me- then and now</b> <i>(Sheet available on school website)</i> Talk to your mum or dad about what you were like when you were a baby. Think about things you can do now that you couldn't do then. Find a photo or draw a picture of you as a baby and you now.</p>
