8th July 2020

Dear Parent/Carers,

The **Eedi Summer School** are offering their 7 week online summer school programme for free to our school, so we want to invite you to sign your child up.

The deadline to sign up is Sunday 12th July.

The Summer school will help to ensure our year 6's are practised & confident in the key maths topics they need when they begin secondary school in September.

Sign up here: <https://eedi.com/summer-school>

For Eedi Summer School, participating children will have the opportunity to join 100 students on their own **personalised learning journey**, using **diagnostic quizzes** to identify their misconceptions across **7 core topics**. They will then book in for a **virtual 30-minute lesson** with the Eedi Learning Assistant to assess and resolve any remaining issues.

What to expect?

- 7 weeks
- 7 topics
- Approximately 2 hours of study every week
- Weekly quizzes + weekly chatbot lessons
- Starts: **Monday 13th July**
- Sign up deadline: **Sunday 12th July**

Please contact Harriet, Community Manager at Eedi, for more information at harriet.walters@eedi.co.uk.

Yours sincerely,

Mrs Macleod
Assistant Head Teacher
Mathematics Lead
